

MEDIA ALERT

FOR IMMEDIATE RELEASE

September 15, 2021

**Contact: John M Hanlon, Gulf County Supervisor of Elections 850-229-6117 or
Heather Riley, Franklin County Supervisor of Elections 850-653-9520**

Outside Groups Questioning Franklin and Gulf County Voters at Their Residences

The Franklin County and Gulf County Supervisors of Elections have been made aware that individuals have begun going door to door to registered voters' homes throughout counties in the State of Florida to verify voters' information at that particular address. Voters may also be asked to indicate whether they voted in the 2020 General Election.

These individuals may misrepresent themselves as being affiliated with Franklin or Gulf County or the Supervisor of Elections Office. Please be aware that your Supervisor of Elections office staff will not come to your home and inquire about your voting history. Remember you are not required to provide any information to these individuals.

In spite of lobbying efforts by Florida's Supervisors of Elections, voters' personal information remains public record, including name, address, phone number, email address, designated political party and in which elections you voted. In accordance with Florida Law voter information must be provided to third party organizations upon request.

If any individual comes to your home and indicates that they are affiliated with Franklin or Gulf County or the Supervisor of Elections Office, please contact the your Supervisor of Elections at 850-653-9520 in Franklin County or 850-229-6117 in Gulf County.
